Terms of Reference for the review of the Rules for Cadastral Survey

I refer to the above matter and your feedback received 1 December and confirm I have made a minor amendment to the confidentially section to make it clear that material can be shared unless deemed confidential.

I note your concerns regarding consultation that took place prior to 2010 and reconfirm that I am committed to comprehensively consulting with the wider profession. This consultation will include workshops as we did for the stage one consultation.

I acknowledge your suggestion that a Reference Group be made up of paid licensed cadastral surveyors. This is a consultative exercise and it is not LINZ's policy to provide payment for this consultation.

As you are aware we have received a significant amount of feedback during the phase one consultation and we are currently in the process of collating and considering the submissions. We expect this work will take us into the second quarter of 2018, with stage 2 consultation taking place around the middle of 2018.

Expressions of interest, including a brief resume of cadastral experience now close on 16 February 2018 and should be sent through to SGRulesreview@linz.govt.nz.

I enclose of a copy of the amended Terms of Reference.

Yours sincerely

Mark Dyer
Surveyor-General
